

# Learning Under The Sun Itinerary 2015

## "Indiana's Hidden Treasures"

Times-7:45-3:00

### June 8<sup>th</sup> Monday

We will have an action packed first day. We will divide into groups and review the schedule. Students will be reflecting in their writing journals during the two weeks. The students will build a rocket that will be powered by air pressure. Students will build the rockets for accuracy, power, and durability. They will build a second rocket to help with the design of the first rocket. It will be powered by alka-seltzer. Students will create an electrical circuit and will participate in competitions for rockets and circuits.

### June 9<sup>th</sup> Tuesday

We will be traveling to Mounds State Park and learn about the "Hidden Treasures" of Indiana. We will have a four-part rotation as we learn about the history of the mounds. Students will need to bring your swimming suits as we will be swimming for an hour at a cool pool in the park. We will dry off and return back at Nora at 3:00.

### June 10<sup>th</sup> Wednesday

We will be traveling to Kokomo, Indiana, to the famous Glass Factory. We will observe the process of making glass and visit the shop. We will also take a short hike to Highland Park and visit the giant Sycamore stump. We will return to Indianapolis and bowl two games at Woodland bowl. We will discuss the rich history of Indiana bowling.

### June 11<sup>th</sup> Thursday

We will be participating in a tasty treasure as we visit the "Strawberry Festival" in downtown Indianapolis. Students will participate in another rotation as they experience music at the Rhythm Discovery Center and visit City Market. We will all visit Garfield Park which has many treasures. We will return at 3:00.

### June 12<sup>h</sup> Friday

On Friday, we will be visiting the remodeled Indiana State Fairgrounds. We will visit the IMA and have a scheduled tour of the Dream Cars. We will enjoy lunch on the grounds. We will enjoy a quick visit of Holiday Park on the way back to Nora.

<b>Buses for (June 15<sup>th</sup>-19<sup>th</sup>)</b>		
Fletcher Graham:	Patsel-Middleton	Bus A
Dick Byers	Hair-Rosemeyer	B
Carole Masten	Pomerenke	C
Tonya Green	Stein-Neff	D

## **June 15<sup>th</sup> Monday**

We will be visiting Carmel. We will tour the Palladium and learn about the acoustics of this amazing place. We will walk the Monon Trail and try to locate the statues on Main Street in Carmel. We will finish the day with Ice Skating at the Carmel Rink.

## **June 16<sup>th</sup> Tuesday**

We will visit a true hidden gem as we travel to Centre Point, Indiana. We have been going to “Big Cats” for over 20 years and will learn all about the different types of cats they take care of. We will do some research before our visit. We will learn about cats and their poor eyesight and how they are helping them at this sanctuary. We will also have lunch at Cataract Falls and return by 3:00.

## **June 17<sup>th</sup> Wednesday**

This day is our last day at Nora. We will have competitions for rockets and electrical circuits. We will plan for our overnight trip. We will also have a visit from Bongo Boy and every student will participate in a cool drum program.

## **June 18<sup>th</sup> Thursday-Overnight Trip**

We are excited about visiting Notre Dame University. We will leave Nora at 8:15AM. We will stop at the South Bend Chocolate Factory and we have two tours at ND. We will eat in their Dining Hall (the Dining Hall in Harry Potter was copied from ND). We will attend the Cubs game (Single A) and then drive and spend the night at Indiana Wesleyan, in Marion, Indiana. We will have an entire nice dorm reserved for our LUS campers.

## **June 19<sup>th</sup> Friday**

We will wake up 6:30 and have breakfast at 7:30 in another nice dining hall. We will participate in a student panel, campus tour, and every student will receive a free T-shirt. This is a cool campus! We will arrive back to Nora at 12:15 for student pick-up.

**Breakfast and lunch are provided each day. If you have a problem please call Mr. Pomerenke at 446-3475.**
